NOTE REGARDING RECORDINGS AND PHOTOS

Due to copyright and licensing restrictions, there will be no CD of concerts available from the camp. However, parents and friends may record any of the concerts on video or audio for your own use. We ask that video cameras and other recording devices be operated in a way that does not disturb other listeners or the students on stage. We also ask that videos and sound recordings not be posted to public internet sites such as YouTube because of copyright restrictions on the music.

You may take photos during the concerts after the music is done, during the applause. Camera flashes and loud clicks are very distracting to students on the stage. Please help them create their best performance by taking your pictures when the applause begins. The conductors will also allow time for photo opportunities at the conclusion of each group's performance.

CAMP STORE

The Camp Store is located in the Camp Office. You may purchase items during the week or after the concerts. Items available include T-shirts - \$10; sweatshirts - \$15 crewneck and \$25 hooded; water bottles - \$10; kazoo's - \$2; and other Academy merchandise.

RETURNING HOME, SATURDAY JULY 24

After the concert, you may pick up your child at his/her dorm. Please wait in the lobby area rather than going to the student's room. This will avoid hallway congestion and make the checkout process go quickly. Parking is limited in the dorm areas, so please be patient. We ask that you wait until after the concert to check out. Our staff will be busy before and during the concert but will be ready to get you on your way after the music is done!
