

## Fellows Program for 2009-2010

Because of the national financial crisis, Lawrence has decided to suspend the recruitment of new Fellows who would join the faculty at the beginning of the 2009-2010 year. This decision will not affect Fellows who are already at Lawrence, but it does mean that we will not be adding Fellows in new areas, as we have done for each of the last several years. We hope to renew the process of recruiting new Fellows during the coming academic year. Thank you for your interest in the Lawrence Fellows Program.
