

## FELLOW APPLICATION FOR 3<sup>RD</sup> YEAR APPOINTMENT

Appointment to a 3<sup>rd</sup> year as a Lawrence Fellow requires evidence that the Fellow's contributions are of high quality and that departmental needs merit a 3<sup>rd</sup> year. In addition, a 3<sup>rd</sup> year appointment requires that the department/IA wishes to pursue such an appointment. Before completing this application, Fellows are expected to have determined that their department/IA intends to complete an application (also required) for a 3<sup>rd</sup> year.

*Please answer all of the following questions (use additional space as needed and feel free to append any supporting documents that may help the Committee):*

1. What institutional and departmental benefits will result from extending your appointment?
2. Are there continuing or new collaborations or projects (with students and faculty) that would be carried out in the 3<sup>rd</sup> year?
3. What courses or individualized instruction opportunities will you offer in the 3<sup>rd</sup> year?
4. Although the Fellows Committee has collected data that will help to judge the quality of your past contributions, feel free to include any information that highlights the quality of your teaching and scholarship or creative work.

**Send the completed form via campus mail or email to: Fellows Committee, c/o Mary Tischauer, Sampson House as well as a copy to Provost David Burrows (contact the President's office at x6525 for due date).**
