

# EARLY CHILDHOOD MUSIC

FALL 2014 SCHEDULE

ACADEMY OF MUSIC  
LAWRENCE UNIVERSITY

*“If children hear fine music from the day of their birth and learn to play it, they develop sensitivity, discipline and endurance. They get a beautiful heart.”*

*—Shinichi Suzuki*

A child’s musical education begins with the melody and rhythm of the parent’s voice. It continues with the support of family and school, as voice, body and spirit begin to respond to and create music. Early childhood music classes foster the development and refinement of general musical ability by providing an environment that is rich in the language of music. The activities learned in class are easily repeated at home, helping nurture basic skills and building support for the future study of an instrument.

**SESSION DATES:** Sept. 22–Nov. 16 (8 weeks)

**LOCATION:** All classes are held at Lawrence Academy of Music, 100 West Water Street, Appleton

## TEACHER

Nell Jorgensen Buchman, teacher of early childhood music and piano
