

LAWRENCE UNIVERSITY
APPLETON, WISCONSIN

EARLY COLLEGE CREDIT PROGRAM FOR HIGH SCHOOL STUDENTS

Fox Valley public and private high school students as well as homeschooled students may apply to Lawrence University as special students in order to enrich their academic experiences during high school by taking courses on the Lawrence campus. Lawrence sets tuition fees for according to the Early College Credit Program (ECCP) rate set by the Wisconsin Department of Instruction. (Note: In 2018, the Wisconsin DPI changed the name of this program from “Youth Options” to the Early College Credit Program.)

Course Eligibility

1. ECCP students are typically eligible to register only for 100-level courses at Lawrence University. Permission may be granted in exceptional cases for coursework above that level. Extra documentation in exceptional cases should be included with application.
2. ECCP students are not eligible for independent study, music or studio art courses, or music lessons of any kind. Furthermore, ECCP students may not take courses that involve field study, internships, or other off-campus study.
3. Enrollment is limited to one course per term.
4. Full-time, degree-seeking Lawrence students have priority to enroll in all Lawrence University courses.

Applicant Eligibility

1. The applicant must be enrolled in or have completed the highest level secondary school course in the intended area of study and related areas.
2. The applicant must be a strong college preparatory student with both maturity and initiative who has completed a minimum of 12 academic units from grades 9 through 11, including three years of English, and at least nine other units chosen from mathematics, history, social studies, science, and foreign languages.
3. The applicant should rank in the top 20 percent of the class (if applicable) and present strong PSAT, SAT, PLAN, or ACT test results.
4. Advanced level juniors will be considered and must re-apply to the ECCP the following year if they want to take courses in their senior year as well.
5. Any ECCP student who receives a grade lower than C- in a Lawrence course will not be permitted to register for the ECCP in subsequent terms.
6. Students in good standing may continue in another course within the same academic year, provided the high school approves the course, the student meets all ECCP eligibility guidelines, the student meets all course pre-requisites, the course instructor grants permission, and there is room in the course.
7. ECCP students must sign and submit a release that allows Lawrence to send grade reports to their high schools.

Provided the above requirements are satisfied, it is the responsibility of the ECCP applicant and the school counselor (not Lawrence University) to find and apply for appropriate Lawrence classes. The official course listing for all three terms of the coming academic year are posted on the university website in April. (A partial draft schedule is typically available in March.) If a desired Lawrence class is already filled with full-time, degree-seeking Lawrence students, ECC applicants should check with their school district for appropriate policies and procedures for alternate registration.

Application

1. Your **school counselor** is required to send to Lawrence University's Office of Admissions the following:
 - Your completed application
 - Official high school transcript showing courses, grades, and testing through the junior year
 - Grade release form
2. Applicants will be notified by mail of the admission decision as soon as possible. A copy of the letter will be sent to the secondary school counselor. Qualified applicants may be refused admission—or be refused enrollment at registration—if courses for which they have applied or to which they have been admitted are full, due to that fact that full-time, degree-seeking Lawrence University students have priority in class enrollment.
3. In some cases, a conditional decision will be made, pending placement tests arranged with academic department chairs. This is most often the case with courses in foreign languages. **All math** applicants will need to submit their second semester grade in AP Calculus and their score on the AP exam. After it is received and reviewed we will send you the department's final recommendation for class placement.
4. Applications must be received at the Office of Admissions by May 15 for the fall term.

Fees and Refunds

1. The cost per course is payable at registration in September, at the beginning of each term, or through reimbursement from the student's school district if approved through the Early College Credit Program.
2. ECCP students who withdraw from a course during the first half of the term may apply for a refund of the tuition according to the following schedule: 100% if withdrawal is before the first day of classes; 60% if withdrawal is after the first day of classes and before the fifth Saturday after classes begin. No refunds will be allowed after week five of the term. (Check with your ECCP contact at school for further details about costs, refunds, and payment responsibilities.)

Advising

All ECC students are required to meet with the university registrar as part of the registration process at the beginning of the term. ECC students are encouraged to also use their course instructors as advisors. Students should be prompt, assertive, and resourceful about getting assistance as needed.

Credit

Students will be able to view their grades through Voyager, Lawrence University's online information system. (Applicants will learn more about this when they meet with the registrar for advising.) An official transcript, if needed, must be requested from the university registrar for purposes of credit transfer. Students must sign and submit a grade release form with their application for admission to the ECC Program in order that grade reports can be sent to the student's high school.
