Beyond our campus in Appleton, Lawrentians also call Björklunden home. It’s a 425-acre estate with 1.25 miles of Lake Michigan shoreline in Door County—less than two hours northeast of campus. A beautiful lodge (complete with a giant fireplace) sleeps up to 100 students and boasts a recital hall as well as plenty of open spaces so that different student groups can use it for retreats, workshops, and relaxation away from campus. (It is busy every weekend of the year.)

Colleges have many traditions, and you will be introduced to one of ours at the end of your first day at Lawrence. You will meet one at a time with the president of this college, engaged, with a warm welcome, a look in the eye that confirms that you are now an important member of a new community. You are a Lawrentian.
YOUR LAWRENTIANS ARE INTERNATIONAL.

APPLETON—A GREAT COLLEGE CITY

SO... ABOUT THAT WEATHER

Oh, we’ll admit it: sometimes this writer here can be best described as “character-building.” On the other hand, the changes of seasons here (fall, spring, that first snowfall) are some of the most spectacular in the world. Oh, and if you’re wondering what our average temperatures are like around here...
