We know that college is one of the biggest investments families will make to shape the lives of their children. We also know that we have a shared stake in the outcome of that investment, which is why Lawrence University invests significant resources—financial and human—to ensure that our students will thrive and succeed not just at Lawrence, but after Lawrence. (See reverse side for the other ways we support student success.)

SUPPORTING STUDENT SUCCESS

NEED-BASED AID

Lawrence strives to meet the full institutionally demonstrated need of all admitted students.

GRANTS

Grants do not need to be repaid and they come from three sources:
- Federal—such as the Pell Grant and Supplemental Educational Opportunity Grant
- State—Wisconsin as well as Maine and Rhode Island, whose grants transfer to Lawrence
- Lawrence University—funded through the generosity of Lawrence’s alumni, friends, and foundations.

LOANS

Loans need to be repaid. Lawrence University is a direct-lending institution that awards federal loans such as the Direct Stafford Loan (subsidized and unsubsidized) and the Perkins Loan.

WORK

On-campus student work is plentiful.

For more information about scholarships as well as links to the FAFSA and CSS PROFILE go to: go.lawrence.edu/afford
From move-in day through the first day of classes, Welcome Week helps students begin making successful transitions to life at Lawrence by connecting them with important campus resources—and with each other. But that’s just the beginning of the journey. Below are some of the other ways we help Lawrentians develop independence and interdependence along the road to graduation and beyond.

**CENTER FOR TEACHING AND LEARNING**
Free tutoring is available for students who wish to strengthen their writing, speaking, and quantitative skills as well as their work in specific subjects (in other words, all Lawrentians). CTL also provides ESL support and workshops in time management, study habits, and other academic skills.

**ACADEMIC ADVISING**
Faculty advisors to guide all Lawrentians through the decisions that lead them toward their academic and career goals, and connect them with other campus resources to help them on that journey.

**STUDENT SUCCESS COORDINATOR**
New at Lawrence, this person guides student growth through the challenges they may face at different times during their lives at Lawrence.

**HONOR CODE**
An atmosphere of mutual trust and confidence is built around this simple statement, that all Lawrentians embrace:
No Lawrence student will unfairly advance his or her own academic performance or in any way limit or impede the academic pursuits of other students of the Lawrence community.

**CORE PROGRAM**
A pair of upper-class CORE Group Leaders are assigned to every section of Freshman Studies (both terms) to help all first-year Lawrentians make Connections, get Oriented to campus, understand campus Resources, and balance Expectations. CORE leaders meet with their Freshman Studies sections (approx. 15 students in each) weekly throughout the first two terms to help new students make successful transitions to Lawrence.

**SERVICES FOR STUDENTS WITH DISABILITIES**
Lawrence offers academic accommodations to students with disabilities covered by the ADA. Students initiate requests and work closely with staff to ensure having equal opportunities to succeed.

**CAREER SERVICES**
Prepares Lawrentians for life after Lawrence through a comprehensive four-year program that supports career exploration/planning—including profile development, internships, networking, and outreach events—and connects it with academic planning.

**HEALTH AND WELLNESS**
Our comprehensive approach encompasses all aspects of student wellness. Resources include safe and confidential medical and counseling services, as well as health and recreation (including yoga, Pilates, massage and intramural sports).

**A RESIDENTIAL COMMUNITY**
Nearly 100% of our students live in university housing (residence halls, apartments, and small houses) to form a safe, supportive, and welcoming community—itself nestled within Appleton (pop. ~75,000), annually recognized as one of the country’s safest cities.
