OptumRx Mobile Website

OptumRx now offers a fresh new way to order, refill and review your medications quickly and easily. Our new mobile website lets you access your online account and manage mail service prescriptions from your smartphone – anytime, from anywhere!

Manage Your Prescriptions from Your Smartphone

Now you can use your smartphone to:

- Refill prescriptions through OptumRx™ Mail Service Pharmacy
- View your prescription claims history
- Check the status of your mail service orders
- Find network retail pharmacies by ZIP Code or GPS location
- Create and update automated text message reminders
- Search generic and brand-name medications by formulary status or therapy class

When You Need a Reminder

Taking medications as prescribed is an important part of living a healthier life. Our mobile website makes managing your prescriptions (and remembering to take them) easier than ever. Simply use your smartphone to create and send text message reminders about taking and ordering your medications. Reminders like these can help you get the most value from your medications.

Accessing the Mobile Website is Easy

Quick Response (QR) Code

Scan the QR code provided here with your smartphone to be automatically directed to **www.optumrx.com**.

Your Smartphone Browser

You can also get direct access to our mobile website by entering **m.optumrx.com** or **www.optumrx.com** into your smartphone's browser.

Take Advantage of Our Full Website and Mobile Site

We designed both websites to work together. If you change your online account or manage your prescriptions from one site, all of your information is automatically updated to the other site as well.

How to Refill Prescriptions

- On the home page, click **MY PRESCRIPTIONS**. Click **REFILL PRESCRIPTIONS**.
(If you are not logged in, you will be prompted to first log in.)
- Select the mail service prescriptions you would like to refill by checking the boxes.
- Click **ADD TO CART** to proceed to the Shopping Cart page.
- Review your selections. You can remove items from your cart, continue shopping or check out. When you are done, click **CHECK OUT**.
- Review your shipping information and order summary. You may change your shipping address or add a new one.
- Review your order summary. To change your order, click **BACK**. If your order is complete, click **SUBMIT**.

How to Set up Text Message Medication Reminders

- On the home page, click **MY PRESCRIPTIONS**. Click **MEDICATION REMINDERS**.
(If you are not logged in, you will be prompted to first log in.)
- Enter the mobile phone number you want to send text message reminders to.
- Enter your time zone.
- Select your mobile carrier from the drop-down box.
- Choose the type of reminder you want to receive. You can get reminders when it's time to refill or renew mail service prescriptions; when prescriptions are eligible for transfer to the Mail Service Pharmacy; and when orders have been shipped. You can also set up daily reminders for times to take specific medications.
- When you are done, click **SAVE**.

Don't let managing your prescriptions tie you down. Just type **m.optumrx.com** into your smartphone browser and start holding a wealth of helpful information in the palm of your hand.
