Year: Sophomore  
Major: Economics & Psychology Double Major  
Country: Nepal  
Career Aspiration: To be able to implement my learnings into reality one day.

Why did you choose Lawrence? I have always loved the close relationship between the teacher and the students. One of the reasons I chose Lawrence was because of the school size and the teacher and the student ratio.

What is one of the most memorable moments during your years here at Lawrence? It will definitely be the Cabaret 2017 where I represented my country’s dance and shared my culture.

What are you involved with at Lawrence? I am the events coordinator of Lawrence International, Vice president of Andy’s Reading fund and an RLA of Trever.

Do you have any plans yet for life after Lawrence? I still have 2 years left here so I don’t want to think about it as for now.

Do you have any advice for the underclassmen? Utilize all the resources that are available for you in Lawrence and get involved in many different things and engage more. You will enjoy it eventually.
