INSTRUCTIONS

- 1 Take two forms, one to keep for your own records and one that will be returned to me. I suggest this strategy rather than making a xerox copy because you may need to make several changes to your schedule later on.
- 2 Use pencil.
- 3 Fill in your personal weekly schedule as completely as possible. Include all classes, rehearsals, work study, labs, athletic practices, and any other extra-curricular activities that meet on a regular basis.
 - Indicate clearly when each of your classes, activities, work, etc. begins and ends. Be precise!
 - Circle all ensemble(s) assignment(s).
 - If you are taking Music Theory - don't forget Sight Singing and BKS sections.
- 4 In the space provided below, you may request up to three possible times, in prioritized order, that you would prefer for your lesson. I will try to accommodate your request, when possible. I strongly encourage you to request a slot that provides a buffer of time before the lesson, to clear your head, ground yourself, relax, think about questions that have arisen, etc.
- 5 Return your completed schedule as soon as possible but no later than the due date posted on my door. I can't determine individual lesson times until I have everyone's schedule, so it is crucial that you honor the deadline.
