

Safety and Security Report
Fire Safety Report
Lawrence University
Appleton, Wisconsin
October 01, 2018

The personal safety and security of each student, faculty, and staff member is both an individual and community concern. While the university strives to provide a campus environment free of undue risks to persons and property, it is each person's responsibility to pay attention to one's surroundings, to avoid potentially hazardous situations, and to exercise one's best judgment to maintain personal safety and well-being. In addition, each member of the community must call attention to conditions or situations which threaten the safety and security of others by contacting appropriate campus and/or community authorities.

Policies and Procedures

The Student Right-To-Know and the Higher Education Act of 1965 require the annual publication of campus policies. Lawrence has for many years practiced good security procedures for the protection of the campus community and is pleased to report them in response to the federal regulations. This annual security report is prepared by the Vice President for Student Life using campus Incident Reports, records obtained from the Appleton Police Department, and summaries provided to the Title IX Coordinator by the university's sexual misconduct investigator.

Each year, this report is emailed to all students, faculty and staff. Copies of the report may be obtained from the Office of Student Life in Raymond House. Prospective students can find the report on the Admissions or Campus Safety website.

1. Crimes at Lawrence University are reported in two ways:
 - (i) Incident report forms submitted by members of the community with knowledge of crimes or unsafe or suspicious circumstances.
 - (ii) The daily logs of campus safety officers. Incident report forms are available from Residence Hall Directors and the Office of Student Life. Reports of security concerns should be submitted to any of the following:
 - A. A campus safety officer – 920-832-6999.
 - B. The Director of Campus Services (Jon Meyer) who manages the safety staff – 920-832-6788 – Warch Campus Center.
 - C. The Vice President for Student Life (Christopher D. Card) – 920-832-6596 – Raymond House.
 - D. The Dean of Students (Curt Lauderdale) – 920-832-6596 – Raymond House.

Confidential reports may be made to the Dean and Associate Dean of Spiritual and Religious Life (920-832-7167). Staff and students may also speak to counselors available in the Wellness Center (920-832-6574) who hold professional licenses or who are supervised by such a person in a clinical capacity. These individuals are subject to recognized privileges that legally and/or ethically prohibit them from disclosing information provided to them in their professional or ecclesiastic capacities without the permission of the person who disclosed the information. Unlike ordained clergy, professional counselors may have to disclose confidential information in order to protect life and safety.

Emergency call boxes are located at numerous areas throughout the campus and may be activated by pushing a button. The activated call box will automatically identify the location to Campus Safety, and a blue light on top of the call station will flash, indicating an activated alarm. The caller should give the

necessary emergency information to campus safety officer and, if possible, remain at the call box until an officer arrives.

Safety officers' logs are reviewed by the safety supervisor and by members of the student life staff who confer on responsive actions. When appropriate, information describing crimes or unsafe conditions is posted campus-wide, mailed to all campus mailboxes, and/or publicized through e-mail.

2. All campus facilities are open to members of the Lawrence community and their invited guests. All other persons may be asked to leave or be treated as trespassers in violation of posted building use policies. Outside doors to student residence halls are locked 24 hours a day with exceptions (such as move-in day) being determined by the Vice President for Student Life or Dean of Students. Students are given appropriate ID card and/or key access to student residences. All other campus buildings are locked and unlocked at regular, specified times and are not accessible when locked except by authorized persons.
3. Lawrence operates its own safety service. The staff is comprised of six full-time officers and five part-time officers. Some years one or two students are also hired as part-time safety personnel. Although these safety officers have no arrest authority, they work very closely with the Appleton Police Department. Lawrence Campus Safety is in radiophone contact with the police, and the police respond promptly to all requests for assistance. In an emergency, students may contact a safety officer by calling 920-832-6999 or the police by dialing 9-911 from any campus phone including the outdoor emergency phones. Students are encouraged to report crimes to the police and to utilize other services of the police department. Officers from the Appleton Police Department speak before campus groups, train residence hall directors and residence life advisors, provide statistics on local crime, and participate in campus forums. The cooperation between the university and the police is an important element of Lawrence's campus security policy. Residence hall staff members regularly advise students, individually and collectively, to report crimes and other security issues.
4. Students, employees and campus visitors are subject to all local, state and federal laws, in addition to campus regulations. Within campus boundaries, Lawrence Campus Safety is responsible for enforcing those laws, although they are not sworn officers and do not have arrest powers. The department maintains a cooperative working relationship with local police to ensure the proper enforcement of all laws. Regularly, Lawrence personnel consult with the Appleton Police Department on crimes occurring within the campus area. If any crimes need review, the Vice President for Student Life or Dean of Students confers with the police department on appropriate action (e.g., sending notice to the community, filing of charges, issuing no trespass warnings). University officers may detain individuals accused or suspected of campus crimes for arrest or investigation by the Appleton Police Department. Local police agencies also provide back-up assistance to the university for any emergency that might require extensive security or safety services. Law enforcement officers may come on campus at any time. The university has the responsibility, under the Campus Security Act, to advise appropriate authorities of violations of civil or criminal law committed by anyone on campus when a request is made by those authorities for specific information or when there is danger to life and/or property.
5. Any member of the university community should report an emergency or crisis to Campus Safety by calling 920-832-6999 or Appleton Police at 9-911 from any campus phone. Lawrence University's crisis plan includes use of the LU Alert system, an emergency notification system that provides telephone, text, and e-mail messages to students, faculty, staff and emergency contacts during a crisis situation. The following campus officials are trained and authorized to activate the LU Alert system if, in their professional judgment, the situation is deemed a crisis and, in accordance with crisis plan protocols, members of the campus community should be informed:

Catherine G. Kodat, Provost and Dean of the Faculty
Christopher D. Card, Vice President for Student Life
Christopher Lee, Vice President for Finance and Administration
Curt Lauderdale, Dean of Students
TBD, Associate Vice President of Communications
Lindsay Kehl, Director of Human Resources

During a crisis situation all important information will be posted on the university's website. The LU Alert System is tested on an annual basis.

In the event that a situation arises, either on or off campus, that, in the judgment of Lawrence Campus Safety and/or the Vice President for Student Life or Dean of Students constitutes an ongoing or continuing threat, a campus wide "Timely Warning" will be issued. The warning will be issued through email or the LU Alert system to students, faculty and staff. Cases of sexual assault will be considered on a case-by-case basis to determine whether there is an ongoing threat to the larger Lawrence community, depending on the facts of the case, when and where the incident occurred, when it was reported and the amount of information known by university officials. The following factors will be considered when determining whether to issue a Timely Warning: Where the crime occurred, the nature of the crime (serious/non-serious, violent/non-violent), the nature of the threat (general threat versus limited threat to a specific person), whether or not there is a continuing danger to the community or a continuing crime pattern.

6. Prior to arrival as first-year students, Lawrentians are required to complete online educational programs. The online training covers important topics such as alcohol, drug use, and sexual violence. Each year the university presents educational programs on safety and security focusing on crime prevention, sexual misconduct, and substance abuse. Periodically campus organizations such as Sexual Harassment and Assault Resources and Education (SHARE), Health and Wellness, residence hall staff, the Student Wellness Committee, and fraternities and sororities sponsor programs or poster and button campaigns on personal safety, self-defense, relationship violence and stalking, alcohol, sexual assault prevention and care of property. Lawrence for many years has participated in the national WhistleStop program and provides whistles and the accompanying instructions to all students. The student life staff, through the Campus Life office, sponsors educational programs that promote safety, personal responsibility, and ethical standards. RLAs advise students of safety procedures at the first hall group meeting of the year. Residents are advised of the RLAs and Hall Directors' duties, guest policy, the role of campus safety and emergency procedures. An emphasis is placed on individual responsibility for residence hall security and on teaching students to be responsible for one another to ensure the safety of their campus home.
7. Lawrence subscribes to and conforms with the Drugfree Workplace Act and the Drugfree Schools and Campuses Act. In accordance with those Acts, notification is sent to all members of the community detailing university policies about substance abuse. The use of any drugs within the university community must be within the limits of federal and state laws. The university reminds students of their responsibility to know and to obey those federal and state laws and statutes prohibiting the use of illegal drugs. University policies on substance use and abuse are also published in on-line handbooks available to the community. While the university is not specifically responsible for the enforcement of federal and state drug laws, those agencies charged with this legal responsibility have the authority to carry out their duties on campus. Individuals who illegally possess, use or supply prohibited drugs within the campus community do so knowing that they risk action by the appropriate civil authorities. Lawrence policy specifically states that:
 - A. The manufacture, sale, distribution, possession or use of illegal and/or non-prescription controlled substances by students or employees is prohibited.

- B. The university is opposed to the illegal or irresponsible use of alcohol, and expects its students and employees to obey the university regulations and the local, state and federal laws concerning the possession, use or distribution of alcoholic substances.
 - C. Appropriate disciplinary action will be taken in response to violations of these policies. The university is not a sanctuary protecting those who violate laws regulating the use of drugs or alcohol, and officials will cooperate with legal authorities whenever necessary.
8. Lawrence has established a strong policy concerning sexual misconduct. The complete policy is published in on-line handbooks available to the community, and is available at <https://www.lawrence.edu/students/share/sexual-misconduct-policy>. Important aspects of the policy are as follows:
- A. The university prohibits sexual misconduct committed by a student, faculty member, or staff member against any student, faculty member, staff member, or visitor on property owned or rented by Lawrence University or in the setting of any program sponsored by Lawrence University.
 - B. In an effort to prevent and eliminate sexual misconduct, the university distributes relevant information to every student, staff member, and faculty member. The university's policy on sexual misconduct is available on the website. Faculty and staff are required to attend training sessions on the subject of sexual misconduct, and a variety of educational programs (e.g., "Sexual Assault Prevention," Welcome Week programs, bystander training, SHARE events) are made available to students and student groups.
 - C. Individuals who have been sexually assaulted should seek immediate medical, emotional, or other assistance. Assistance is available on or near the campus by calling the Appleton Police, Lawrence Campus Safety, ThedaCare Regional Medical Center - Appleton, St. Elizabeth Hospital, or the Sexual Assault Crisis Center. Upon request, Campus Safety will assist in securing transportation to the hospital, or contacting Appleton Police. The Dean of Students office can provide assistance with concerns about physical safety or the need for alternative housing. When appropriate, a "no intentional contact" order can be instituted by the Vice President for Student Life or the Dean of Students. Students who are victims of sexual assault may also wish to seek confidential counseling or support from university Health and Wellness Services, a SHARE advocate, or the Sexual Assault Crisis Center. Per Lawrence's sexual misconduct policy, it is the right of the victim (if age 18 or older) to determine whether law enforcement is notified.
 - D. A student, faculty member, or staff member may file a formal complaint of sexual misconduct with the interim Title IX Coordinator (Emily Bowles). The Title IX Coordinator will inform the appropriate university authority and the university's investigator who will begin a formal investigation. University authorities responding to formal complaints of sexual misconduct will in all cases inform victims of the options of criminal prosecution; of medical assistance; of the internal complaint process; of confidential counseling; and, for students, of ways they may receive alternative housing assignments and academic assistance. In addition, university authorities will provide assistance in preserving materials which are relevant to the complaint process and will, at the direction of the Appleton Police, provide assistance in obtaining, securing, and maintaining evidence for criminal prosecution. At the request of the victim, university authorities will notify the local police of the sexual misconduct or will assist the victim in doing so.
 - E. The university employs an investigator, an individual who is not a member of the university community and who has professional training and experience in a field or fields relevant to the values of the community in this regard, who is responsible for the investigation of formal

complaints of sexual misconduct. When the investigator concludes the investigation, a summary of the report of the investigation, containing all information pertinent to the investigation, will be made available to the complainant, the respondent, and the appropriate university authority who will take prompt and responsive action and notify the complainant and the respondent. In all cases, both the complainant and the respondent have the right to appeal the decision and action taken by the appropriate university authority within two weeks of receiving the decision of the appropriate university authority. Both the complainant and the respondent have the right to appeal the decision if (a) there is new information that may substantially change the outcome of the investigation and/or (b) there was a failure to follow due process as outlined in the Sexual Misconduct Policy. An appeal is directed to the Title IX Coordinator, whose decision on any such appeal is final. Both the complainant and the respondent, respectively, have a right to be accompanied during the investigation by a support person of their own choosing. The person accompanying the complainant or the respondent will not participate, but may provide the complainant or respondent with moral support, informal advice, and comfort. Every effort will be made to protect the confidentiality of victims and others who participate in the investigation. Only aggregate data that are not personally identified are released to the campus community or federal reporting agencies.

- F. Sanctions for violation of the policy include counseling, chemical dependency evaluation, no contact order, various forms of probation, suspension, separation, or expulsion.
 - G. Students being stalked or those involved in dating/relationship or domestic violence should report incidents to Campus Safety, the Title IX Coordinator, or Appleton Police. Student Life staff will work with a student to create and implement a safety plan, and all reasonable steps will be taken to assist the student (including referral to Harbor House Domestic Abuse Programs). Students found in violation of stalking, dating violence or domestic violence face sanctions such as counseling, warnings, probation, no contact orders, suspension or expulsion.
9. Any residential student is subject to missing student notification if they are reported missing for 24-hours. The missing student report must be made to a Campus Safety officer, the Vice President for Student Life or the Dean of Students. If the student is under age 18, a parent or guardian will be notified. Each student has the option to identify (through the Voyager account) a confidential contact person to be notified in the event that the student is determined to be missing. Only authorized campus officials and law enforcement officers pursuing a missing person investigation may have access to this information. Failure by a student to identify a contact person does not preclude law enforcement and campus officials from investigating and taking action regarding student safety in the case of a missing student. All students are advised that any missing student younger than 18 years of age and not emancipated will have his or her parent or guardian notified in addition to any confidential contact and local law enforcement officials. Specific procedures followed in the case of a missing student are detailed in the online Student Handbook - https://www.lawrence.edu/students/student_life/student_handbook.

CAMPUS SECURITY AUTHORITIES

The Clery Act requires schools to disclose “statistics concerning the occurrence of certain criminal offenses reported to local law enforcement agencies or any official of the institution who is defined as a ‘Campus Security Authority.’ ” The law defines a “Campus Security Authority” as: “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.” An example would be a dean of students who oversees student housing, a student center, or student extracurricular activities and has significant responsibility for student and campus activities. Similarly, the director of athletics, team coaches, and faculty advisers to student groups also have significant responsibility for student and campus activities.

The criminal offenses for which we are required to disclose statistics are murder/non-negligent manslaughter, manslaughter by negligence, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, drug abuse violations, weapons violations (carrying, possessing), domestic/dating violence, and stalking.

We are also required to report statistics for bias-related (hate) crimes for the following offenses: murder/non-negligent manslaughter, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, vandalism, intimidation, simple assault, and damage/destruction/vandalism of property. We are required to disclose statistics for offenses that occur on campus, in or on non-campus buildings or property owned or controlled by our school, and non-Lawrence property within or immediately adjacent to our campus.

Lawrence University has a responsibility to notify the campus community about any crimes that pose an ongoing threat to the community, and, as such, campus security authorities are obligated by law to report these crimes. Even if you are not sure whether an ongoing threat exists, immediately contact the Campus Safety Department. If you have any questions about this request, please contact the Director of Campus Safety at (920) 832-6788.

FEDERAL STATUTES RELATING TO SEXUAL OFFENSES

SEX OFFENSES

Sex Offenses as defined by Federal Statutes:

“Sexual assault” under federal law means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is defined as non-forcible sexual intercourse with a person who is under the statutory age of consent.

Domestic Violence

Under federal law, the term “domestic violence” means:

- 1) Felony or misdemeanor crimes of violence committed
 - (i) By a current or former spouse or intimate partner of the victim.
 - (ii) By a person with whom the victim shares a child in common.
 - (iii) By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner.
 - (iv) By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
 - (v) By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence

The term “dating violence” under Federal law means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

Stalking

The term “stalking” under Federal law means:

- 1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
 - (i) Fear for the person’s safety or the safety of others.
 - (ii) Suffer substantial emotional distress.
- 2) For the purposes of this definition:
 - (i) Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveys, threatens, or communicates to or about, a person, or interferes with a person’s property.
 - (ii) Substantial emotional distress means significant mental suffering or anguish that may, but not necessarily, require medical or other professional treatment or counseling.
 - (iii) Reasonable persons means a reasonable person under similar circumstances and with similar identities to the victim.

ANNUAL SECURITY REPORT

The Vice-President for Student prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The annual fire safety report is also included in this report.

This report is prepared in cooperation with local law enforcement agencies surrounding our campus.

Campus crime, arrest, and referral statistics include those reported to Lawrence University Campus Safety Department-designated campus officials, including, but not limited to, department directors, deans, department heads, judicial authorities, athletic coaches, and local law enforcement agencies. This report includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by Lawrence University and public property within, or adjacent to and accessible from the campus. The report also includes policies concerning campus security, such as policies concerning sexual assaults and other matters.

By October 1 of every year, a letter announcing the release of the Annual Report is emailed to all enrolled students, faculty, staff, and current employees.

The Clery Act requires institutions to disclose statistics of crimes that occurred in these locations:

CLERY GEOGRAPHIC LOCATIONS AND DEFINITIONS

- **CAMPUS** – Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).
- **RESIDENCE HALLS** – A subset of dormitories or other residential facilities for students on campus.
- **NON-CAMPUS** – Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.
- **PUBLIC PROPERTY** – All public property, including thoroughfares, streets, sidewalks and parking areas that are within the campus or immediately adjacent to and accessible from campus.

Annual Fire Safety Report

Each year the residence hall staff participates in fire safety training which includes instruction in fire prevention, housing evacuation plans, and training in the proper use of fire extinguishers. Procedures regarding safe evacuation of residence halls and small housing units are reviewed, and individual plans are devised to evacuate students who need special assistance.

Fire systems are tested on a routine basis, and the Director of Campus Safety is responsible for scheduling and monitoring fire drills. Typically two monitored fire drills are conducted in residential facilities each academic year. Evacuation routes are posted in classroom and administrative buildings, and fire safety procedures in student residences are discussed at residence hall meetings. Basic fire safety rules and fire alarm evacuation procedures (including assigned meeting locations) are posted and are listed in the online Student Handbook.

Students are instructed to use every precaution to prevent fires on campus. There is a no smoking policy in all Lawrence University owned, leased, or operated buildings. Smoking is permitted on all City of Appleton public sidewalks (adjacent to city streets), but smoking is not permitted on Lawrence sidewalks or in Lawrence parking lots.

Two designated areas where smoking is permitted are the smoking shelter to the north of Ormsby Hall and the smoking shelter south of the Warch Campus Center. In addition, smoking is permitted on the Viking Room patio during operating hours only. Per Lawrence University Community Council legislation, group houses in cooperation with the Campus Life Office have the ability to designate an outdoor smoking area.

Students are not to leave kitchens, microwave ovens, ovens/stoves, or other appliances unattended while cooking. Grills used on campus must be at least 15 feet away from any building door or window to prevent false alarms. Grills may not be used on porches of student residences.

The following items are prohibited in student residences: any open flame, lighters, candles, incense, fog machines, lanterns, oil lamps, hot plates, grills, corn poppers, electric heaters, electric irons, microwaves (except where provided by the university), tapestries or ceiling mounted posters, and extension cords without a breaker. Extension cords may not be strung under carpets, rugs, or across furniture according to City of Appleton fire safety regulations.

Stairwell fire doors must remain closed, and hallways and exits must be kept clear of obstructions. Students must not break or remove ceiling tiles in rooms or hallways. They are an important part of the fire safety system; they are fire rated and can control the spread of fire. Because of the threat to health and life, students must not tamper with fire safety equipment including fire extinguishers, fire alarm pull stations, smoke detectors, exit and emergency lighting. Students must not remove, deface or alter signs that are in place to warn of possible danger, or show floor level, state rules and procedures, direct or restrict access. City fire marshals regularly inspect campus facilities to assure compliance with all fire safety regulations. Only trained residence hall staff and fire safety or campus safety personnel are allowed to use fire extinguishers. Tampering with fire safety equipment and/or discharging a fire extinguisher when there is no fire will result in severe disciplinary action including possible suspension or expulsion. Individuals may be held responsible for the repair, replacement or refilling of fire safety equipment. In addition, negligence that results in the need for a response by Appleton Fire Department personnel may result in charges to the responsible student(s). Students should be aware of state statutes that define giving a false alarm as a Class A misdemeanor subject to a fine.

In the event of a fire alarm (other than pre-arranged testing that lasts about 3 seconds): Students are to proceed immediately to the assigned meeting location and wait there until an all clear is given, so staff members can be sure of everyone's safety.

Meeting places are:

Residence Hall

Brokaw/Colman Halls
Hiatt Hall
Kohler/Draheim
Ormsby Hall
Plantz Hall
Sage Hall
Trever Hall
Executive Houses
All Quad Residences
All Boldt Way Small Residences
All North Union Street Residences

Students with disabilities should notify staff so additional assistance during emergencies can be pre-arranged.

Immediate evacuation when the alarm sounds is mandatory and re-entry into the building during a fire alarm is prohibited.

Lawrence University works closely with the Appleton Fire Department regarding training and enforcement of fire regulations. Any member of the campus community who becomes aware of a fire should contact Lawrence Campus Safety at 920-832-6999 or the Appleton Fire Department at 9-911 from a campus phone. To report that a fire occurred, contact:

Katherine Kodat, Provost and Dean of the Faculty (academic facilities)
Christopher D. Card, Vice President for Student Life or Curt Lauderdale, Dean of Students (student residential and other student facilities)
Jon Meyer, Director of Campus Services

College officials determine appropriate enhancements to fire safety on an annual basis, and upgrades to fire systems, fire safety in new and renovated facilities, and educational efforts are part of ongoing planning processes.
