

Björklunden Seminars

"Vacation with a purpose"

JUNE 23-28, 2024 AT BJÖRKLUNDEN

Relief Printing: Creation and Repetition

Course Description

This seminar allows participants to discover and dive into the art of relief printing. This studio endeavor will allow students to utilize the beauty of Björklunden while investigating their imaginations as well.

Participants will have the opportunity to draw out ideas (no drawing experience necessary), transfer those drawings to blocks, cut and then print multiple images.

Working in a supportive and fun artistic community will encourage sharing of ideas and assisting with each other's creations.

**\$35 studio fee*

Instructor

Brady Nichols ('92)

Nichols graduated from Lawrence University in 1992 and received his MFA from the University of Wisconsin-Madison.

He has been a teacher and art department chairperson at Madison's LaFollette High School for over 20 years. While teaching drawing and coaching cross country and track all these years, Nichols continues to create art and exhibit.

In 2016, he published his coming-of-age novel, *Stretched Thin*. He continues that labor of love by working on illustrating each chapter with a series of relief prints.

However, it is in the classroom creating work alongside his students that continues to be his passion.
